## MANUAL | USER GUIDE **WING**

READ THIS USER GUIDE CAREFULLY  
BEFORE USING YOUR BOARD

**ASSUMPTION OF RISK**

Use of the VAYU product and any of its components involves certain inherent risks, dangers, and hazards that can result in serious personal injury and death to both the user and to nonuser third parties. In using the VAYU product, you freely agree to assume and accept any and all known and

unknown risks of injury to you and to third parties while using this equipment. The risks inherent in this sport can be greatly reduced by abiding the warning guidelines listed in this owner manual and by using common sense.

**RELEASES AND WAIVER OF CLAIMS**

In consideration of your use of this product, you hereby agree to the following, to the fullest extent permitted by law:

To waive any and all claims that you have or may have in the future against VAYU Sports UG or any of its agents, resulting from use of this product and any of its components. To release VAYU Sports UG or any of its agents from any and all liabili-

ty for any loss, damage, injury or expense that you or any users of this product may suffer, or that your next of kin may suffer, as a result of the use of this product, due to any cause whatsoever, including negligence or breach of contract on the part of VAYU Sports UG or any of its agents, in the design or manufacture of this product

**BINDING EFFECT OF AGREEMENT**

In the event of your death or incapacity, this Agreement shall be effective and binding upon your heirs, next of kin,

executors, administrators, associates and representatives.

**ENTIRE AGREEMENT**

In entering into this Agreement, you are not relying upon any oral or written represen-

tations other than what is set forth in this agreement and User's Guide.

**WARNING & SAFETY PRECAUTIONS**

Wingfoiling can be a dangerous sport. Always use extreme caution when using this product. Misuse of this product can cause serious injury or death.

- Only use on unobstructed stretches on the water.
- Only fly the Foil Wing if you are a good swimmer and you are wearing a life jacket.
- You are responsible for your own safety and the safety of others around you when using this product.
- Use of this product exposes the user to unexpected and unavoidable risks, dangers and hazards.

- Never use this product in thunderstorm and lightning conditions.
- Never use this product in wind conditions that are above your ability level.
- Make sure you take lessons from a Wingfoiling school before using this product on-the-water.
- Always observe local rules and regulations when using this product.
- Make sure to always stay 100 m away from obstructions.
- Never use this product without a leash.

**THE LISTED RISKS CANNOT BE COMPLETED**

The basic rules for foil wing foiling comply with those of common sense and are valid for all outdoor sports.

**FITTING THE FOOTSTRAPS ONTO THE BOARD**

If you are not sure which position you prefer, choose the central position as a first reference. Use the screws provided. Fasten

the screw through the foot strap into the plastic insert of the board. Watch the angle of the screw to avoid damaging the board.

**INFLATING THE WING**

**STEP 1:** Lay the wing down on a surface, free of hard or sharp objects, as they could damage it. Turn the wing with the strut facing up. Make sure the leading edge is facing towards the wind.

**STEP 2:** Attach the pump leash to the le-ash connection point on the leading edge.

**STEP 3:** Open the neoprene valve cover.

**STEP 4:** Turn the cap to open the valve.

**STEP 5:** Connect the hose to the valve.

**STEP 6:** Use a pump with gauge, inflate the kite to the recommended 6 psi.

**STEP 7:** Remove the hose from the valve and tighten up the cap by turning it clockwise to the closed position and close the neopren cover.

**DEFLATING THE WING**

**STEP 1:** Open the neopren cover and turn off the cap.

**STEP 2:** Unscrew the valve.

**ASSEMBLY DIAGRAM**

- 1 LEADING EDGE
- 2 HANDLES
- 3 PUMPS/WRIST LEASH LOOP
- 4 VALVE
- 5 HOSE
- 6 SQUEEZE CLAMP
- 7 SURE LOCK: INFLAGE/DEFLATE
- 8 STRUT
- 9 BLADDER LOCK

## FOIL WING CARE

- Avoid bringing the foil wing into contact with sharp-edged rocks, thorns, wood and other objects that may damage, puncture or tear the cloth.
- Do not expose the foil wing to excessive sun as it ages the material unnecessarily.
- Deflate the bladders if the foil wing is to be left unattended for any length of time.
- Avoid leaving your foil wing on the beach for extended lengths of time as small wind movements may quickly cause wear and tear to the cloth.
- Try to pack up the foil wing into the bag without cuttings to avoid tearing the canopy.
- To carry a foil wing, turn it so that the leading edge is upwind and the underside faces upwards.
- Grab the centre of the leading edge tube. If the wind is blowing, it will hold the foil wing clear of the ground. Be sure not to drag the tips of the foil wing across the ground.
- A coating that results from using the foil wing in salt water will not damage the foil wing. However, rinsing in fresh water and drying is recommended.
- When cleaning the foil wing be sure that no water, dirt, or sand gets inside the bladders.
- Be sure that the foil wing has dried completely before packing it up. Otherwise changes of color or mildew could occur. Such bleeding is not covered under the VAYU warranty.
- Do not dry the foil wing in direct sun!
- Keep sand and water out of the air pump.

## WARRANTY

- VAYU Warrants this product to be free of major defects in material or workmanship to the original purchaser for a period of six months from the original date of purchase. This warranty is subject to the following limitations: The warranty is valid only when the product is used for foil wing foiling on water and does not cover products used in rental or teaching operations.
- VAYU will make the final warranty determination, which may require inspection and/or photos of the equipment, which clearly show the defect(s). If necessary, this information must be sent to the VAYU distributor in your country, postage prepaid.
- If a product is deemed to be defective by VAYU, the warranty covers the repair or replacement of the defective product only.
- VAYU will not be responsible for any costs, losses or damages incurred as a result of loss of use of this product. The warranty does not cover damage caused by misuse, abuse, neglect or normal wear and tear including but not limited to, rigging with other than VAYU components, damage due to excessive sun exposure, damage caused by improper handling or storage, damage caused by use in the waves or shore break and damage caused by anything other than defects in material and workmanship.
- This warranty expires if any unauthorized repair, change or modification has been made to any part of the equipment. The warranty for any repaired or replaced equipment is valid as of the date of the original purchase only. The original purchase receipt must accompany all warranty claims. The name of the retailer and date of purchase must be clear and legible. There are no warranties that extend beyond the warranty specified herein.

## WARRANTY CLAIMS

Warranty claims must be processed and be issued and a return authorization must be issued prior to VAYU.
